

GNPHN Bursary Applications for the 7th International GNPHN Conference

As part of our commitment to furthering education for public health nurses in under resourced areas of the world, the GNPHN Council would like to support attendance at our upcoming conference in Calgary in July 2025 for delegates from Low Income and Lower-Middle Income countries.

The GNPHN operates using its membership income alone. The Council have agreed that our current finances will allow it to make up to 6 bursaries available to cover the full three-day conference fee for successful applicants.

We would love to be able to offer further funding for travel and accommodation, but this isn't possible. We hope that by obtaining a free place at the conference this will help successful applicants to obtain further funding from other sources so that they may participate in the conference.

To apply for a GNPHN Bursary the applicant must:

- Be living and working in a country designated Low Income or Lower-middle Income: [check here](#).
- Be a practicing public health nurse, or public health nurse academic in their country, and able to provide evidence of their registration. If there is no registration or licensing body, proof of employment is required.
- Have locally agreed funding to cover all other costs to attend the conference, such as travel and accommodation.

Application Guidelines

Applicants are required to provide the following information to the Council Bursary Committee:

- A full Curriculum Vitae (CV/Resume) of their career including their name, address and details of their current role, and if relevant of their past and current research.
- A statement in no more than 1000 words on why they believe that attendance at the conference might enhance their career.
- Two referees, including their current employer, and ideally someone who can confirm/guarantee the additional funding required to attend the conference will be available.

All bursary applications MUST be submitted [here](#).

The GNPHN Council will give priority consideration to those applicants who have had an abstract accepted for presentation at the conference.

Applicants who do not fulfill the application guidelines will not be considered.

Applications must be received by 23:59 GMT on 18 April 2025. Successful applicants will be notified by mid May 2025. Unsuccessful applicants will be informed as soon as possible thereafter.

IMPORTANT NOTE:

The GNPHN will confirm the process for the bursary payment to successful applicants in the confirmation email sent after the deadline.
